Enhance your motorcycle adventures with the new **HOURLMETER ATHENA**.

This device **accurately tracks engine running hours**, offering valuable data for maintenance planning and **performance assessment**. **Simple to install** using the provided adhesive, the hour meter detects engine operation by **interpreting and distinguishing frame vibrations**. The **Lock Mode** feature allows you to **pause hour counting**, which is especially handy during motorcycle transportation. With its **shock-resistant** and **waterproof design**, this hour meter is **perfect for extreme conditions**, ensuring your bike performs at its best in any situation.

Experience the reliability and precision of the **NEW HOURLMETER ATHENA**, designed for motorcycle enthusiasts who want to make the most of every ride.
